Safetex Re-usable Laundry Bags

- Very cost effective alternative to disposable red bags. You could save your home hundreds of pounds !
- The sorting of soiled or infected washing is done at source using the Safetex bags. No sorting in the laundry.
- Release strap when you place the bag into the washing machine and the bag will self open while washing.
- Once sealed the bag controls fluids and odours and is safe to transport.
- Ideal for heavily soiled and infected linen.
- Wash up to 95°C and tumble dry on a medium heat setting.

We also supply various other laundry bags as shown opposite
